

# Migrant Education Program

The Migrant Education Program serves the children of families who participate in qualifying activities which are an **economic necessity** for your family.

In the last 3 years, have any of your children engaged in or accompanied a parent or guardian who engaged in:

- Commercial Fishing
- Subsistence Fishing
- Forestry (with a logging company)
- Agriculture (may include berry picking in certain instances)

and did the activity require your children to travel at least 20 miles one way by self, with a parent or another adult for at least one (1) night/two (2) days, with a **total of seven (7) nights/eight (8) days** over the course of a year to engage in qualifying work activities?

**If yes**, please list the children who traveled below\*. You will be contacted via telephone and interviewed by a school district employee. **You must be prepared to give the dates your child was away from the residence if they are not listed below.**

**If the activity is NOT an economic necessity for your family, please do not complete this form!**

Name	School	Dates away from residence

**\*Only one form needed per family!**
