### ATTENDANCE, TARDIES AND ABSENCES

The importance of good attendance cannot be stressed enough! It is crucial to student success. Please assure that your child arrives at school every day, on time, except in cases of illness, family emergencies, and other excused absences as listed in the KPBSD Policy Manual.

Students who are late miss important academic time and disrupt classrooms and other students. It is important to call the school and report your child's absence.

Students returning after an absence must present a satisfactory explanation verifying the reason for the absence. Students are responsible for making up missed work as directed by their teacher.
